October 2017

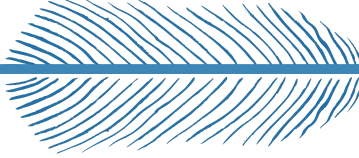

Dear Fellow Participants and USBY Members,

Welcome to the 12th IBBY Regional Conference *Radical Change Beyond Borders: The Transforming Power of Children's Literature in a Digital Age* and to sunny, cloudy, or rainy Seattle. Many of you knew Dr. Eliza Dresang during the years that she conceptualized her theory of radical change. I was first introduced to her at an IBBY regional conference in Madison, Wisconsin. In 1995, Eliza and her good friend and fellow genius Kate McClelland, organized a preconference for me as ALSC president on the theory and its application in libraries and the children's book world.

During the next 2 1/2 days, we will explore together how her theory has continued to influence our thinking about children's literature. So sit back and enjoy the plethora of authors, illustrators, and fellow thinkers who are with us.

Sincerely,

Therese Bigelow
USBY 2017 President
